Frequently Asked Questions (FAQ)

Q1: How do I identify the "rocks" I'm carrying?

A1: Pay close attention to your physical and emotional state. Do you experience persistent tension, anxiety, or low energy? What thoughts or feelings consistently occupy your mind? Journaling, meditation, and self-reflection can help pinpoint these "rocks."

Q2: What if I'm struggling to let go of a particular "rock"?

A5: This varies greatly from person to person and depends on the nature and severity of the burden. It is a process, not a quick fix. Be patient with yourself and celebrate small victories along the way.

Q7: What's the difference between "dropping the rock" and avoidance?

A7: "Dropping the rock" involves acknowledging and processing the burden, while avoidance involves ignoring or suppressing it. Addressing the issue directly is key to true release, unlike avoidance which can lead to further complications.

Q8: Where can I find additional resources on stress management and emotional regulation?
